## PROFESSIONAL SUMMARY

A dedicated Computer Science sophomore, I bring a solid foundation in computer programming and a passion for leveraging cutting-edge technologies to solve complex challenges.

## EDUCATION

**Bachelor degree, Computer Science, Sombridge University**

**10 2023**

- GPA 3.50

## WORK EXPERIENCE

**Backend Developer Intern, Empowered Futures**

**06 2023 – present**

- Engaged in comprehensive code reviews, offering constructive feedback to colleagues, thereby maintaining and elevating code quality standards.
- Collaborated with cross-functional teams to proactively identify and address technical issues, significantly reducing the resolution time for bugs and

**Backend Developer Intern, InOrbit Systems**

**05 2023 – 11 2023**

- Implemented robust authentication and authorization mechanisms for enhanced system robustness.
- Designed and optimized database schemas to improve query performance.

## PROJECTS

**Developer, WhammyWeb ([github url](#))**

**08 2023 – 09 2023**

- Developed secure authentication and authorization mechanisms in ASP.NET Core.
- Integrated Stripe payment gateway functionality into Whammy Web.
- Provided a customized experience based on user roles (e.g., admin, customer).

**Developer, Somali Creatives ([live demo](#))**

**03 2023 – 05 2023**

- Implemented the main UI with Next.js and Tailwind CSS, boosting user engagement.
- Ensured cross-browser compatibility, increasing website accessibility by 60%.

**Developer, Book Store Management System ([frontend](#), [backend](#))**

**03 2022 – 05 2022**

- Implemented the main UI using React.js, Material-UI, and React-Query for an intuitive user experience.
- Developed a Backend Web API for seamless bookstore management, utilizing Typescript, Zod, and MongoDB.
- Technologies Used: typescript, zod, mongodb, reactjs, material-ui, react-query.

## SKILLS

**Programming Languages:** python, javascript, typescript, C#

**Technologies:** reactjs, nextjs, asp.net core

**Languages:** English, Arabic, Somali
